

## **Dolphin® 9500/9550 ChargeBase** *Four-Slot Charging Cradle*

### **Features**

*Supports all Dolphin 9500 and 9550 Terminal Configurations*

*Four Terminal Capacity -- Reduces peripheral hardware costs*

*Intelligent Battery Charging -- Leave terminals in the base without damaging terminals, their battery packs, or the base*

*Convenient Storage -- Can hold up to four terminals*

*Dock and Charging LED Indicators*

*Desk or Wall Mountable -- Ergonomic form factor allows easy installation in various enterprise environments*

The Dolphin ChargeBase is a multi-slot charging cradle for Dolphin 9500 series mobile computers that charges the main Li-ion battery pack of each terminal in less than four hours.

Each slot charges independently of the other slots. When a full charge is complete, charging automatically switches to a trickle charge, thus preserving and ensuring a full battery charge.

The open-slot design allows easy access to docked terminals while holding each securely. The ergonomic form factor ensures that the unit can be easily mounted to a wall or desktop.

Two LED indicators on the front of each slot enable you to monitor each Dolphin terminal. DOCK LEDs indicate when terminals are properly seated, while the Charge LEDs indicate charging.

# Dolphin ChargeBase Specifications

---

## Structural

Dimensions: 4" X 5" X 20" (10.1 X 12.7 X 50.8 cm.)  
Weight: 42 oz. (1.19 kg.)  
Material: Case: Polycarbonate ABS blend  
Color: Gray  
Mounting: Wall or desktop mountable  
Power: 9.5 Vdc, 8.0 A

## Environmental

### Temperature

Operating: 32° to 104°F (0° to 40°C)  
Storage: -4° to 158°F (-20° to 70°C)  
ESD: 10 KVA immunity on all surfaces  
Humidity: 90% relative humidity (non-condensing)

### Agency Approvals

Charger: CE Marking (EMC)  
Fire Retardant: UL 94-VO

## Charging

Standard Charge: Completes 100% charge in four hours or less  
Independent charging of the main battery in each terminal

CHARGE LED: Solid green means that charging is in progress

DOCK LED: Solid green indicates that a Dolphin terminal is properly seated
