

## Dolphin® 9500 Series Accessories

### Charging

#### Dolphin Mobile Charger

Part #: 9500-MC

The Dolphin Mobile Charger is a charging cable that connects the terminal directly to a 12 Volt DC power source, such as a cigarette lighter port inside a vehicle, eliminating the need for a cradle.

The cable powers the terminal and charges its main battery in less than four hours. Intelligent battery technology on-board the terminal ensures proper charging.

The Dolphin Mobile Charger is an ideal low-cost charging solution for in-transit mobile applications.

### Mounting

#### Dolphin Mobile Mount

Part #: 9500-MM

The Dolphin Mobile Mount, which holds a Dolphin 9500 terminal securely in place inside a vehicle, is an ideal, low-cost alternative to the Dolphin Mobile Base when communications are not required.

When used in conjunction with the Dolphin Mobile Charger, the Dolphin Mobile Mount creates a complete mounting and charging solution for in-transit applications.

The entire kit includes the Dolphin Mobile Mount and adjustable vehicle mounting bracket.

### Charging/Communication Cable Kits

Dolphin charging/communication cable kits are an all-in-one solution for mobile applications. Each cable kit powers the terminal, charges its main battery, and communicates with host or peripheral devices without the need for a cradle. Cable kits can support RS-232 or USB communications and are available with U.K. or European power cords (U.S. shown).

#### USB

Part #: 9500-USB-1

#### RS-232

Part #: 9500-RS232-1

# Dolphin 9500 Series Accessories

## Holsters

Holsters provide convenient storage for terminals and protect them from damage in mobile environments. Both holsters feature a front pocket that holds an extra battery, a side pocket to hold an extra stylus, and a belt loop to secure the holster to a belt.

### Dolphin 9500

Part #: 9500 Holster

### Dolphin 9550

Part #: 9550 Holster

## Protective Enclosures

Protective enclosures help seal and protect terminals from damage while providing full access to all terminal parts and features. Dolphin 9500 Series enclosures feature a swivel clip on the back that enables you to secure the enclosure to a belt. Enclosures also come with an adjustable shoulder strap for added convenience.

### Dolphin 9500

Part #: 9500 Cover

This enclosure features a plastic cover over the keyboard.

Part #: 9500 Cover/2

This enclosure has no cover over the keyboard.

### Dolphin 9550

Part #: 9550 Cover

## Stylus Kits

There are two Dolphin 9500 stylus kits: one contains three styli and the other includes additional coiled tethers to secure the stylus to the terminal, which helps prevent loss. The Dolphin 9550 kit contains loops you can attach to the end of each stylus for easy access to the stylus stored in the pistol grip of the Dolphin 9550.
